## TABLE OF CONTENTS *(continued)*

### Continuing Education

71 Café au Lait Macules and Associated Genetic Syndromes

**CE**

Sharon Anderson, DNP, APN, NNP-BC, AGN-BC

### ERRATUM

82 Erratum

**CE**

Indicates continuing education article which can be accessed on the Journal's Web site at [www.jpedhc.org](http://www.jpedhc.org). Continuing education is free for NAPNAP members.

Indicates an article selected by the current President of NAPNAP. The article selected is representative of NAPNAP's mission, highlights the association's strategic direction, reflects the broad range and diversity of the members' areas of expertise in regards to specialty, setting and population, and best illustrates the integration of research and scholarship into practice to improve outcomes.

### ONLINE SUBSCRIBERS

To subscribe to the *Journal of Pediatric Health Care* online, go to [www.jpedhc.org](http://www.jpedhc.org) and click on "Register" at the top right. After you're registered and have created a login name and password, go to "My Account" to update your profile, receive alerts, create a reading list, and much more. You can also go to the "Subscribe" tab to activate or renew your subscription. Our site also gives you access to articles in press, current and past issues, online-only content and more. For questions about using or accessing this site, please email [journalsonlinesupport-usa@elsevier.com](mailto:journalsonlinesupport-usa@elsevier.com). For questions about your subscription, please email Journals Customer Service at [journalscustomerservice-usa.com](mailto:journalscustomerservice-usa.com). Or you may call toll-free at 1-800-654-2452 Monday-Friday between 7:30am and 5pm CST. Callers outside of the USA and Canada should dial 314-447-8871.

### AIMS & SCOPE

The *Journal of Pediatric Health Care*, the official journal of the National Association of Pediatric Nurse Practitioners, provides scholarly clinical information and research regarding health care for children of newborn age through young adulthood within a family-centered context. The *Journal* disseminates multidisciplinary perspectives on evidence-based practice and emerging policy, advocacy, and educational issues that are of importance to all health care professionals caring for children and their families. For information regarding the submission process, please visit: <http://www.jpedhc.org/content/authorinfo>.
