PRESIDENT'S CHOICE

"President's Choice" articles are selected by the current President of the National Association of Pediatric Nurse Practitioners (NAPNAP). The articles selected are representative of NAPNAP's mission, highlight the association's strategic direction, reflect the broad range and diversity of the members' areas of expertise in regards to specialty, setting and population, and best illustrate the integration of research and scholarship into practice to improve outcomes.

MISSION STATEMENT

The Journal of Pediatric Health Care[®], the official journal of the National Association of Pediatric Nurse Practitioners, provides up-to-date clinical information and research findings regarding primary, acute, and specialty health care for children of newborn age through young adulthood within a family-centered context. The *Journal* also disseminates multidisciplinary perspective on evidenced-based practice as well as emerging educational, policy, and advocacy issues that are of importance to all pediatric nurses and health care professionals.
